# Management Discussion & Analysis Report

## GLOBAL ECONOMY

The global economy exhibited steady yet uneven growth across regions. A notable trend was the slowdown in global manufacturing, especially in Europe and parts of Asia, due to supply chain disruptions and weak external demand. In contrast, the services sector performed better, supporting growth in many economies. Inflationary pressures eased in most economies.

However, the landscape has changed as governments around the world reorder policy priorities and uncertainties have climbed to new highs. Forecasts for global growth have been revised markedly down compared to what was predicted, reflecting effective tariff rates at levels not seen in a century and a highly unpredictable environment. Intensifying downside risks dominate the outlook, amid escalating trade tensions and financial market adjustments. Divergent and swiftly changing policy positions or deteriorating sentiment could lead to even tighter global financial conditions. Ratcheting up a trade war and heightened trade policy uncertainty may further hinder both short-term and long-term growth prospects.

## INDIAN ECONOMY & PAPER INDUSTRY

In this global context, India displayed a steady economic growth. India's GDP grew by 6.4% in FY25. This growth is driven by strong performance in agriculture and services, while manufacturing faces some challenges. The macroeconomic health checklist looks good. As the country aims to accelerate its economic growth rate in the coming years, it has the tailwind of strong balance sheets in the domestic corporate and financial sectors.

On the contrary, Indian Paper Industry faced an oversupply issue, primarily caused by a significant rise in paper imports, particularly from China and ASEAN countries, which led to cut-throat market competition and reduced realisations. Furthermore, the cost of raw materials (domestic wood) surged to unprecedented levels as other wood-based industries heightened their demand, coinciding with a decreased wood supply due to plantation impacts from Covid. This combination of increased imports and soaring wood prices severely pressured margins of paper manufacturers in FY 2024-25.

## SWOT ANALYSIS

### Strengths:

Government's thrust for improving education and literacy in the country, one of the fastest growing Economies in the world provide a strong foundation for growth prospects of Paper Industry. Focus on Recyclable materials, E-commerce etc. further enhance the future outlook.

### Weaknesses:

Scarcity of raw materials, higher input prices, absence of Government policies favoring Industrial plantations etc. are significantly constraining paper manufacturers. Competition from duty free imports and uncertainty in the economic environment also impacts the Industry.

### Opportunities:

Despite continued focus on digitization, India's demand for paper is expected to increase substantially in the coming years on the back of growing consumerism, growth of the organized retail and E-commerce, rising literacy and increasing usage of packaging paper. Further, an effective ban on single-use plastic will provide growth opportunities to the Industry.

### Threats:

Imports from low cost producing countries with which India has Free Trade Agreements has emerged a major threat to the Industry which led to a supply-glut. Increasing digitalisation across the world will lead to some substitution of usage of paper. Further, ongoing Geo-political tensions are a potential threat to the future growth of economies across the Globe.

## SOCIAL FARM FORESTRY

Under Social Farm Forestry programme, large scale plantations are undertaken on the farmers' land. As in the past, momentum of Social Farm Forestry Program was maintained during the year 2024-25. Your company planted and distributed approximately

47.79 lacs seedlings during the year covering an area of 13,240 Hectares. The program helps in enhancing rural income and facilitate sustained availability of raw material to the Mill.

## RISKS & CONCERN

Various risks are associated with the business operations of the company. Higher input costs, less-favoured Govt. policies, environmental issues, market risks, competition from imports etc. are some of the key concerns associated with the company's business.

Your company identifies and evaluates various risks associated with the organization and takes appropriate preventive steps to the extent possible.

## INTERNAL CONTROL SYSTEM

Your Company has established adequate internal control systems, which provide reasonable assurances with regard to safeguarding Company's assets, promoting operational efficiencies and ensuring compliance with various statutory provisions. The company periodically reviews Internal control systems and procedures to ensure conduct of business effectively and efficiently. Internal control system ensures:

- Accurate recording of transactions with internal checks and prompt reporting.
- Adherence to applicable accounting standards.
- Periodic review to effectively manage working capital.
- Review of capital investments and long term business plans.
- Compliance with applicable statutes, policies and listing regulations.
- Effective use of resources and safety of assets.

## FINANCIAL PERFORMANCE

Your company reported satisfactory financial and operational performance for the financial year 2024-25 despite facing various market challenges and constraints. The company clocked a turnover of Rs. 436.34 Crores for the year 2024-25 vis-a-vis Rs. 444.47 Crores for the preceding year. The Profit after tax (PAT) for the year stood at Rs. 41.14 Crores as against Rs. 64.00 Crores for FY 2023-24.

## KEY FINANCIAL RATIOS

The changes in key financial ratios as compared to previous financial year are as under:

Particulars	2024-25	2023-24
Operating Profits Margin (%) (Low paper prices and higher raw material cost resulted in drop in operating profit margin)	12.25	18.8

Debt-Equity ratio (%)	0.01	0.01
Current ratio (No. of times)	6.91	6.2
Interest-Service Coverage Ratio	-	-
Return on Networth (%) (Decrease in Profit after tax for FY 2024-25 vis-a-vis previous year resulted in decrease in ratio)	6.00%	10.00%

## HUMAN RESOURCES

Your company considers the human resources as its invaluable asset. The company conducts from time to time training programs with the purpose of creating opportunities for employees to enhance their skills and work-efficiency. Industrial relations remained cordial throughout the year under review. There are 382 employees on the company's roll.

## FUTURE OUTLOOK

Looking ahead, India's economic prospects for coming period are balanced. Headwinds to growth include elevated geopolitical and trade uncertainties and possible commodity price shocks. Domestically, the translation of order books of private capital goods sector into sustained investment pick-up, improvements in consumer confidence, and corporate wage pick-up will be key to promoting growth. Rural demand backed by a rebound in agricultural production, an anticipated easing of food inflation and a stable macro-economic environment provide an upside to near-term growth

## FORWARD LOOKING STATEMENTS

This Report contains forward looking statements based upon the information available with the company, assumptions with regard to global economic conditions, Government policies etc. The company do not guarantee accuracy of the assumptions and perceived performance of the company in future. It is thus cautioned that the actual results may materially differ from those expressed or implied in the report.

# Directors' Report 2024-25

## Dear Shareholders,

The Board of Directors of the company is pleased to present the Directors' Report together with Audited Financial Results of your company for the financial year 2024-25.

## 1. FINANCIAL HIGHLIGHTS

Audited financial results for the financial year ended on 31st March, 2025 are summarised below:

### AUDITED FINANCIAL RESULTS

(₹ in Crores)

Particulars	FY ended 31 <sup>st</sup> March, 2025	FY ended 31 <sup>st</sup> March, 2024
Profit before interest and depreciation	60.79	88.98
Interest and finance charges	0.96	0.84
Depreciation	6.39	5.44
Profit before Exceptional Items	53.44	82.70
Exceptional & non-recurring items	-	(1.80)
Profit before tax	53.44	80.90
Provision for Income Tax	12.30	16.90
Profit after tax (PAT)	41.14	64.00
Earning per share (EPS)- in Rupees	26.36	41.01

## 2. DIVIDEND & TRANSFER TO RESERVES

Considering the financial performance of the company for the financial year ended 31<sup>st</sup> March, 2025 and the present position of the Industry, the Board of Directors is pleased to recommend a dividend of Rs. 3.50/- per equity share (35%) of Rs. 10/- each for the year ended 31<sup>st</sup> March, 2025 subject to approval of the Shareholders at the ensuing Annual General Meeting.

The company has not transferred any amount of profits for the year to General Reserve.

## 3. STATE OF THE COMPANY AFFAIRS

### Review of performance for the year 2024-25:

There has been an upsurge in Imports at low prices from FTA areas which adversely impacted the domestic paper industry both in terms of domestic market share and product prices. At the same time, wood prices have been continuously increasing. These factors combined have led to lower margins.

Amid these challenges, your company reported a Profit after tax (PAT) of Rs. 41.14 Crores for the year 2024-25 as against Rs. 64.00 Crores for the previous financial year.

There have been no material changes and/or commitments affecting the financial position of the company since the close of financial year till date of this report. Further, there is no change in nature of business of the company during the year under review.

### Expectations for the year 2025-26:

While the factors outlined above continue to play out in the current financial year, additional uncertainty has been injected in the global trade system by recent tariff changes in two major economies. It is as yet unclear how long this will prevail, what will be the final outcome and its impact if any on Global paper trade and Indian Industry. We expect Domestic demand to grow in step with the Country's economy but Global factors will impinge on Paper Industry's performance.

# Annexure-V: Secretarial Audit Report

**Form No. MR - 3**

**FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2025**

**[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]**

**To**  
**The Members,**  
**Star Paper Mills Limited**  
**Duncan House,**  
**31, Netaji Subhas Road,**  
**Kolkata – 700 001**

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Star Paper Mills Limited (hereinafter called 'the Company') having CIN: L21011WB1936PLC008726. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31<sup>st</sup> March 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2025 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 [not applicable to the Company during the audit period];
  - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and/or The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and/or The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 [not applicable to the Company during the audit period];
  - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 and/or The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 [not applicable to the Company during the audit period];
  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client [not applicable to the Company during the audit period];
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and/or The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 [not applicable to the Company during the audit period]; and
  - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 [not applicable to the Company during the audit period];

- (v) Other laws applicable specifically to the Company:
- The Factories Act, 1948 and allied state laws.
  - The Indian Forest Act, 1927
  - The Indian Boiler Act, 1923
  - Indian Explosives Act, 1884
  - The Petroleum Act, 1936

We have also examined compliance with the applicable clauses of the following:

- Secretarial Standards issued by the Institute of Company Secretaries of India and approved by the Central Government under section 118(10) of the Companies Act, 2013 with regard to Meetings of the Board of Directors (SS-1) and General Meetings (SS-2).
- Listing Agreements entered into by the Company with BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) read with The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirement) Regulations, 2015 [Listing Regulations] and SEBI Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024.

The Foreign Exchange Management Act, 1999 and the rules and regulations made there under related to Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings were not applicable since the Company did not have any Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

During the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines etc. mentioned above and has generally adhered to the secretarial standards.

During the period under report, there was:

- delay in compliance with Audit Committee constitution for quarters ending September 30, 2024 and December 31, 2024 by 3 days and 42 days respectively.*
- delay in compliance with Nomination & Remuneration Committee constitution for quarters ending September 30, 2024 and December 31, 2024 by 3 days and 80 days respectively; and*
- delay in compliance with Stakeholders Relationship Committee constitution for quarters ending September 30, 2024 and December 31, 2024 by 3 days and 37 days respectively.*

*Pursuant to SEBI SOP Circular as amended upto date, BSE and NSE imposed fines for such belated compliances. However, belated compliances have been ensured & all the fines as imposed by BSE and NSE have been waived off on submission of respective fine waiver applications.*

In respect of other laws specifically applicable to the Company we have broadly reviewed the same, without carrying out detailed examination of all the relevant records/documents with a view to determine accuracy and completeness of periodical compliances. During the course of our audit, we have relied on information placed before the Board at its meetings and written representations made by the management in this regard and the reporting is limited to that extent.

### **We further report that:**

- The Board of Directors of the Company was duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.
- Adequate notice was given to all directors to schedule the Board Meetings, though, in some instances agenda and detailed notes on agenda were sent in advance in less than seven days, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- Majority decision is carried through while the dissenting member's views are captured and recorded as part of the Minutes. As recorded in the minutes of the Board and Committee meetings, there has not been any dissent among the directors on any matter dealt with by the Board / Committee during the financial year.

**We have been informed that** the Company has appropriately responded to notices for show causes, claims, dues, demands, fines, penalties etc. received from various statutory / regulatory authorities under the laws, rules, regulations mentioned above and initiated actions for corrective measures, wherever necessary.

**We further report that** based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the Company Secretary/other KMPs and taken on record by the Board of Directors at its meeting(s), we are of the opinion that there are adequate systems and processes in place in the Company which is commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

**We further report that**, during the audit period there was no specific event / action having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. referred above.

# Independent Auditors' Report

## To the Members of Star Paper Mills Limited Report on Audit of Financial Statements

### Opinion

We have audited the accompanying Financial Statements of **Star Paper Mills Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and Notes to the Financial Statements, including a summary of material accounting policies and Other Explanatory Notes for the year ended on that date (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profits, total comprehensive Income, changes in equity and its cash flows for the year ended on that date.

### Basis For Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters for incorporation in our report:

Key Audit Matters	Addressing the Key Audit Matters
<p><b>Evaluation of provisions and Contingent Liabilities:</b></p> <p>Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances.</p> <p>There are also a number of litigations including direct and indirect taxes, various claims, etc. pending before various forums against the Company.</p> <p>The management's judgement is required for estimating the amount to be provided and/or disclosed as contingent liability.</p>	<p>Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of recognition of provisions and disclosure of contingent liability includes the following:</p> <ul style="list-style-type: none"> <li>We have obtained an understanding of the Company's internal instructions and procedures in respect of estimation, assessment and disclosure of contingent liabilities;</li> <li>Understood and tested the design and operating effectiveness of controls as established by the management for obtaining all relevant information for pending litigation cases;</li> </ul>

Key Audit Matters	Addressing the Key Audit Matters
<p>We identified this as a key audit matter because the estimates and assessment with respect to these involve a significant degree of management's judgement, interpretations, and may therefore require adequate attention to arrive at the required conclusion.</p> <p>(Refer Note No. 39 to the Financial Statements, read with the Material Accounting Policy No.35. 3.14)</p>	<ul style="list-style-type: none"> <li>Reviewed the estimation made by the management for measurement, recognition of provisions considering the past events, risks and uncertainties surrounding the obligations and probability of the outflow of resources towards the possible obligation;</li> <li>Discussed with the management regarding any material developments and status of matters requiring legal clarification;</li> <li>Read various correspondences and related documents pertaining to litigations involved and relevant external legal opinions obtained by the management and performed substantive procedures on estimation supporting the disclosure of contingent liabilities;</li> <li>Reviewed the management's assessments of those matters which have not been provided for or disclosed as contingent liability since the probability of material outflow has been considered to be remote;</li> <li>Reviewed the adequacy and completeness of disclosures;</li> </ul> <p>Based on the above procedures performed, the estimation of provision and disclosures for contingent liabilities have been considered to be adequate and reasonable.</p>
<p><b>Verification of Inventories and Valuation thereof</b></p> <p>The total inventory of the Company amounts to Rs. 13,538.08 Lakhs (as on March 31, 2025) (Refer Note 5 and 51.1 read with Material Accounting Policy No. 35.3.10).</p> <p>Existence of Inventories and valuation thereof was focus area of audit considering that the amount involved therein was substantial and the nature of operations of the Company.</p>	<p>Our Audit procedures based on which we arrived at the conclusion regarding reasonableness of determination of year-end inventory and valuation thereof include the following:</p> <ul style="list-style-type: none"> <li>Ensuring the effectiveness of the design, implementation and maintenance of controls over inventory and in system and procedure for conducting the physical verification and testing these controls being operated effectively.</li> <li>Observing the verification of Inventories at the year end undertaken by the management and evaluation of procedures and documentation in this aspect.</li> <li>Obtaining and reviewing the necessary evidences, working papers and documents for the physical verification carried out as above.</li> <li>Verifying the valuation process/methodology and checks being performed at multiple levels and ensuring that the valuation is consistent with and as per the policy followed in this respect.</li> </ul> <p>Based on the above procedures performed, the determination of year-end inventory and valuation thereof have been considered to be adequate and reasonable.</p>

### Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the state of affairs (financial position), Profit or Loss (financial performance including other comprehensive income), Changes in Equity and Cash Flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditors' Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standard on Auditing (SAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our

auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- II. Further to our comments in the annexure referred to in the paragraph above, as required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in paragraph III(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, as amended from time to time;
  - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account;
  - d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
  - e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act;
  - f. With respect to the maintenance of accounts and other matters connected therewith, reference is invited to paragraph II(b) above on reporting under section 143(3)(b) of the Act; and
  - g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an modified opinion on the adequacy and operating effectiveness of the Company's internal control with reference to financial statements.
- III. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
  - a. The Company has disclosed the impact of pending litigations on its financial position in its financial statements—Refer Note no. 39 of the financial statements;

- b. The Company did not have any material foreseeable losses against long-term contracts, including derivative contracts and thereby requirement for making provision in this respect is not applicable to the company;
- c. There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Company during the year;
- d. i) The Management has represented that, to the best of its knowledge and belief as disclosed in Note No.48 to the financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- ii) The Management has represented, that, to the best of its knowledge and belief as disclosed in Note No.48 to the financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The dividend declared or paid during the year by the Company is in compliance with section 123 of the Act.
- f. Based on our examination which included test checks, except for the instances mentioned below, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and transactions recorded in the respective software as:
  - Audit trail feature on data changes was enabled at application level of the accounting software. However, while changing the master data only latest data is stored. Further audit trail in all cases, system saves User ID and date except time.
  - The feature of recording audit trail (edit log) facility has also been enabled at database level to log any direct data changes for the accounting software.

Audit trail (edit log) facility was enabled and operated throughout the year for the accounting software and we did not come across any instance of the audit trail feature being tampered with during the course of our audit.

As per proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023 and reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention, audit trail on data changes are maintained since the implementation of the software.

- IV. With respect to the reporting under Section 197 (16) of the Act to be included in the Auditors' Report, in our opinion and according to the information and explanations given to us, the Remuneration (including Sitting fees) paid by the Company to its Directors during the current year is in accordance with the provisions of Section 197 of the Act and is not in excess of the limit laid down therein.

## **ANNEXURE “A” to the Independent Auditor’s Report on the financial statements of Star Paper Mills Limited for the year ended 31st March 2025.**

**(Referred to in paragraph I under “Report on Other Legal and Regulatory Requirement’s section of our report of even date)**

- i)
  - a. The Company has maintained proper records showing full particulars, including quantitative details and situations of Property, Plant and Equipment and Intangible Assets;
  - b. There is a phased programme of verification of such assets, based on which physical verification of fixed assets is being carried out by the management. Discrepancies in respect of fixed assets verified during the year were not material;
  - c. Based on verification of title deeds (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) produced to us by the management and according to the information and explanations given to us, in our opinion, the title deeds of immovable properties are held in the name of the company except in respect of a flat acquired under joint ownership with others under agreement to sale in the name of the Company, at New Delhi having Gross carrying value of Rs 21.13 Lakhs ( Refer Note No. 1.(a) (i) of Financial Statements);
  - d. The company has not revalued any of its Property, Plant and Equipment (including Right-of-Use Assets) and Intangible Assets during the year. Accordingly, reporting under paragraph clause 3 (i)(d) of the Order is not applicable to the Company;
  - e. According to the information and explanation given to us and as represented by the management no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, as amended from time to time. Accordingly, reporting under paragraph 3 (i)(e) of the Order is not applicable to the Company.
- ii)
  - a. The inventories of the Company have been physically verified by the management during the year at reasonable intervals and in our opinion coverage and procedure of such verification by the management is appropriate having regard to the size of the Company and nature of its inventory. The discrepancies noticed on physical verification of inventories were not more than 10% or more in aggregate for each class of inventory and have been properly dealt with in the books of account;
  - b. The Company has not been sanctioned working capital limit in excess of Rupees Five Crores in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii) (b) of the Order is not applicable.
- iii)
 

The Company has made investments during the year in units of mutual funds which are quoted. Other than these and according to the information and explanations given us and on the to basis of our examination of the records of the company, the company has not made any investments, granted any secured and unsecured loan, provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnership or any other parties during the year.

  - a. The Company has not provided any loans or advances in nature of loans or stood guarantee, or provided security to any other entity during the year, and hence reporting under clause 3(iii)(a) of the order is not applicable.
  - b. According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that investments made in securities considering that these are quoted and have been made at prevailing market rates, the terms and conditions thereof as such are prima facie not prejudicial to the interest of the Company;
  - c. The Company has not granted any loan, or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnership or any other parties during the year. However, loan of Rs.45 lakhs given to a body corporate in earlier years are outstanding as on this date. In absence of any term of repayment of principal and interest and these not being recovered since a considerable period of time, the same was fully provided in the books of accounts in earlier years;
  - d. As stated in para c above, there is a overdue principal amount of Rs.45 lakhs for more than ninety days and considering the possible outcome of steps taken for recovery in earlier year, the same was fully provided for in the financial statements. No further step for recovery as such in this respect has been taken in the current year;

- e. According to the information and explanation given to us and on the basis of our examination of the records of the Company, there was no loan or advances in the nature of loans granted and have fallen due during the year which has been renewed or extended or fresh loans have been granted to settle the over dues of existing loans or advances in the nature of loans given to the same parties; and
- f. According to the information and explanation given to us and based on our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans during the year either repayable on demand or without specifying any terms or period of repayment.
- iv) In our opinion and according to the information and explanation given to us, the company has complied with the provision of section 185 and 186 of the Act, in respect of grant of loan, making investments and providing guarantees and securities, as applicable;
- v) According to the information and explanation given to us and based on our examination of the books and records of the Company, the Company has not accepted any deposits or any amount deemed to be deposits from public covered under Sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder. Accordingly reporting under paragraph 3(v) of the Order is not applicable to the Company.
- vi) We have broadly reviewed the books of account maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148 (1) of the Act in respect of the Company's products to which the said rules are made applicable and are of the opinion that prima facie, the prescribed records have been maintained. We have, however not made a detailed examination of the said records with a view to determine whether they are accurate or complete.
- vii) According to the information and explanations given to us and based on our examination of the books of accounts:
- a. During the year, the Company has generally been regular in depositing with the appropriate authorities undisputed statutory dues including Goods and Service Tax, Provident Fund, Employee's State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and any other statutory dues as applicable to it. According to the information and explanations given to us, there is no undisputed amounts payable in respect of these which were in arrears as on March 31, 2025 for a period of more than six months from the date they become payable except Rs.26.20 lakhs and Rs.28.22 Lakhs payable in respect of Mandi fees and Municipal Tax respectively for a period of more than six months from the date they become payable;

- viii) In our opinion and on the basis of information and explanations given to us and as represented by the management, we have neither come across nor have been informed of transactions which were previously not recorded in books of account and that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 and accordingly reporting under paragraph 3 (viii) of the Order is not applicable;
- ix) In our opinion and on the basis of information and explanations given to us by the management and based on our examination of the books of account the company:
- The Company has not raised any loan/ borrowing from banks, financial institution or Government therefore reporting under clause 3(ix)(a) of the order is not applicable;
  - The Company has not been declared wilful defaulter by any bank or financial institutions or any other lenders;
  - During the year, no term loan has been availed by the Company and accordingly, reporting under paragraph 3(ix)(c) of the Order is not applicable.
  - According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the Financial Statements of the Company, we report that no funds raised on short term basis have been used for long term purposes by the Company;
  - The Company does not have any subsidiaries, associates or joint ventures; and hence, reporting under paragraph 3(ix)(e) and (f) of the Order is not applicable;
- x) According to the information and explanations given to us and based on our examination of books of account of the Company:
- The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year and hence, reporting under paragraph 3 (x)(a) of the Order is not applicable to the Company; and
  - The Company has not made any preferential allotment or private placement of shares or convertible debentures (partly, fully, or optionally) during the year and accordingly, reporting under paragraph 3 (x)(b) of the Order is not applicable to the Company.
- xi) a. During the course of our examination of books and records of the company carried out during the year in accordance with generally accepted auditing practices in India, and according to the information and explanation given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year, nor have been informed of any such cases by the management;
- b. According to the information and explanations given to us and based on our examination of the books and records of the Company, no report under sub section (12) of section 143 of the Act, in Form ADT-4, as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 (as amended from time to time) has been filed with the Central Government. Accordingly, reporting under clause (xi)(b) of paragraph 3 of the Order is not applicable to the Company; and
- c. According to the information and explanation given to us and based on the examination of the books of accounts of the company, no whistle blower complaints have been received during the year by the company. Accordingly, reporting under paragraph 3(xi)(c) of the Order is not applicable.
- xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company and accordingly the Nidhi Rules, 2014 are not applicable to it, hence, the reporting under paragraph 3(xii) (a), (b) and (c) of the Order is not applicable to the Company;

- xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Financial statements as required in terms of the applicable accounting standards;
- xiv) The Company has appointed a firm of Chartered Accountants to carry out the internal audit of the Company. In our opinion and according to the information and explanations given to us the internal audit system is commensurate with the size and nature of its business. We have considered, during the course of our audit, the reports of the internal auditor for the period under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures in accordance with the guidance provided in SA 610 "Using the work of Internal Auditors".
- xv) According to the information and explanations given to us and as represented to us by the management and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them and hence reporting under paragraph 3(xv) of the Order is not applicable;

## **ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT**

**(Referred to in paragraph II (g) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)**

**Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).**

We have audited the internal financial controls with reference to the Financial Statements of Star Paper Mills Limited (“the Company”) as at March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control with reference to Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

### **Meaning of Internal Financial Controls with reference to financial statements**

A Company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations

of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls with reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India.

32.5 **Disclosures as per Ind AS 116 "Leases"**

(a) **Treatment of Leases as per Ind AS 116**

The Company assesses whether a contract is or contains a lease, at the inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements, except for short-term leases (leases with a lease term of 12 months or less) and leases of low value assets . For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, incremental borrowing rate is considered for the purpose.

The weighted average incremental borrowing rate applied to leases recognised during the FY 2024-25 is 7%.

**Nature of lease:** The Company's significant leasing arrangements is in respect of building-office premises on lease which are not non-cancellable and are usually renewable on mutually agreeable terms.

(b) The Company has also taken certain offices and residential premises on lease for short term period and leases of low value assets. The aggregate lease rental of Rs. 117.66 Lakhs (Previous year Rs 109.63 Lakhs) (Refer Note No.32) on such lease has been charged to statement of Profit and Loss".

**35. COMPANY OVERVIEW, BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES**
**1. Corporate Information**

Star Paper Mills Limited ('the company') having Corporate Identity Number ("CIN") L21011WB1936PLC008726 is a public limited company incorporated and domiciled in India having its plant at Saharanpur in the State of Uttar Pradesh and registered office at Duncan House, 2nd Floor, 31, Netaji Shubash Road, Kolkata in the State of West Bengal. The Company is engaged in the manufacture and supply of Paper, and Paper Board and other related products as its core business. It produces a wide range of Industrial Packaging and cultural paper catering various segments of the consumer. The Company's shares are listed on the NSE Limited and BSE Limited.

**2. Statement of Compliance and Recent Accounting Pronouncements**
**2.1 Statement of Compliance**

These financial statements ("financial statements") have been prepared under Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act (to the extent notified) and presentation requirements of Division II of Schedule III to the Act, as applicable to the financial statements.

The financial statements for the Year Ended 31<sup>st</sup> March 2025 were approved for issue by the Company's Board of Directors on 29<sup>th</sup> May 2025 and are subject to adoption by the shareholders in the ensuing Annual General Meeting.

All Ind AS issued and notified till the financial statements are approved for issue by the Board of Directors have been considered in preparing these financial statements.

Accounting policies have been consistently applied except where a newly issued Ind AS is initially adopted or a revision to an existing Ind AS requires a change in the accounting policy hitherto in use.

**2.2 Application of New and Revised Standards :**

During the Year Ended 31<sup>st</sup> March 2025, the Company considered the amendments notified by the Ministry of Corporate Affairs (MCA) through the 1<sup>st</sup> Amendment dated 12<sup>th</sup> August 2024, the 2<sup>nd</sup> Amendment dated 9<sup>th</sup> September 2024, and the 3<sup>rd</sup> Amendment dated 28<sup>th</sup> September 2024 to the Companies (Indian Accounting Standards) Rules, 2015.

These amendments primarily relate to the introduction of Ind AS 117 – Insurance Contracts, along with consequential changes to other standards including Ind AS 101, 103, 104, 105, 107, 109, and 115, which address accounting and disclosure requirements for insurance contracts and financial guarantee contracts. The amendments also include changes to Ind AS 116 – Leases, specifically addressing accounting and disclosure requirements for sale and leaseback arrangements.

The adoption of these amendments to the extent applicable to the Company did not have impact on the profit or loss and earnings per share of the Company for the year.

### 2.3 Recent Accounting Pronouncements :

#### Standards issued but not yet effective :

The Ministry of Corporate Affairs (MCA), vide notification dated 7<sup>th</sup> May 2025, has amended Indian Accounting Standard (Ind AS) 21 – The Effects of Changes in Foreign Exchange Rates and Ind AS 101 – First-time Adoption of Indian Accounting Standards. These amendments are applicable for annual reporting periods beginning on or after 1<sup>st</sup> April 2025.

The key amendment relates to providing guidance for assessing lack of exchangeability between currencies and estimating the spot exchange rate when a currency is not exchangeable. Additional disclosure requirements have also been introduced in such scenarios, including the nature and financial effect of the currency in exchangeability, the estimation methodology used, and risks arising therefrom.

The Company is currently evaluating the impact of these amendments and expects that their application will not have a material effect on the financial statements.

### 3. Material Accounting Policies

#### 3.1 Basis of Preparation

The Financial Statements have been prepared under the historical cost convention on accrual basis except for:

- certain financial instruments which are measured in terms of relevant Ind AS at fair value/ amortized costs at the end of each reporting period.
- certain class of Property, Plant and Equipment, i.e, freehold land which on the date of transition have been fair valued to be considered as deemed costs; and
- Defined benefit plans- Plan Assets measured at fair value

Historical cost convention is generally based on the fair value of the consideration given in exchange for goods and services.

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013. Having regard to the nature of business being carried out by the Company, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification.

#### Functional /presentation currency and rounding-off of amounts

The items included in the financial statements (including notes thereon) are measured using the currency of the primary economic environment in which the Company operates ("the functional currency") and are, therefore, presented in Indian Rupees ("INR" or "Rupees" or "Rs." or "₹"). All amounts disclosed in the financial statements, including notes thereon, have been rounded off to the nearest two decimals of Lakhs unless otherwise stated.

#### 3.2 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

- Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.

- c) Level 3: Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

The company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements and regularly reviews significant unobservable inputs, valuation adjustments and fair value hierarchy under which the valuation should be classified.

### **3.3 Property Plant and Equipment (PPE)**

Property, plant and equipment are stated at cost of acquisition or deemed cost on the date of transition i.e. PPE which have been fair valued on transition to be considered as deemed cost or cost of construction and subsequent improvements thereto less accumulated depreciation and impairment losses, if any. Cost of an asset comprises its purchase price or its construction cost including duties and taxes (net of input tax credit availed), inward freight and other expenses incidental to acquisition or installation and adjustment for exchange differences wherever applicable and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management, after deducting discounts and rebates. In addition, Interest on Borrowings utilised to finance the construction of qualifying assets are capitalised as part of cost of the asset until such time that the asset is ready for its intended use.

Parts of an item of Property, Plant and Equipment having different useful lives and material value and subsequent expenditure on Property, Plant and Equipment arising on account of capital improvement or other factors are accounted for as separate components.

Property, Plant and Equipment includes spare, stand by equipments and servicing equipments which are expected to be used for a period of more than twelve months and meet the recognition criteria of Plant, Property and Equipment. The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part of property, plant and equipment consequent to additions made thereto is derecognised. The costs of servicing and repairs and maintenance of property, plant and equipment are recognised in the statement of profit and loss when incurred. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

The Company's lease assets comprising of Building have been separately shown under PPE as Right-of-Use (ROU) Assets.

Property, plant and equipment that are not ready for intended use on the balance sheet date are disclosed as "Capital work-in-progress". Capital work in progress includes purchase price, duties and taxes (net of input tax credit availed) and any directly attributable cost (including finance costs relating to borrowed funds utilised for construction or acquisition of property, plant and equipment incurred till projects are under implementation) of bringing the assets to their working condition and trial run expenses up to the date of installation. Such items are classified to the appropriate categories of Property, Plant and Equipment when gets completed and are ready for intended use. Amount paid towards acquisition of PPE outstanding as at each reporting date are recognized as capital advances under "Other Non-Current Assets."

#### **Depreciation and Amortization, Estimated useful lives and residual value:**

Depreciation on Property, Plant and equipment commences when the assets are ready for their intended use.

Depreciation on Property, Plant and Equipment is provided based on straight line method/written down value method as per the useful life specified under Schedule II of the Companies Act, 2013 to allocate their cost, net of their residual value. Subsequent additions to the cost of Property, Plant and Equipment are depreciated over the remaining life of mother asset.

Leasehold Building classified as ROU assets are amortised on straight line basis over the estimated useful lives (or lease term if shorter).

No depreciation is charged on Freehold land.

Useful life of Property, Plant and Equipment are reviewed and assessed by the Company at the end of the year based on technical evaluation of relevant class of assets. Based on the above the estimated useful life of assets are as follows:

Buildings	30 Years
Plant and Equipments	10-15 Years
Furniture and Fixtures	5-10 Years
Vehicles	10 Years
Computer	3-5 Years
Office Equipment	10 Years

The management believes that these estimated useful lives are realistic and reflect a fair approximation of the period over which the assets are likely to be used.

The residual value of an item of Property, Plant and Equipment has been kept at 5 percent or less of the cost of the respective assets.

Depreciation methods, useful lives and residual values are reviewed, and adjusted as appropriate, at each reporting date.

### 3.4 Leases

The Company's lease asset classes primarily consist of leases for Buildings. The Company assesses whether a contract is or contains a lease, at the inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

1. the contract involves the use of an identified asset,
2. the Company has substantially all of the economic benefits from use of the asset through the period of the lease and,
3. the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options considered for arriving at ROU and lease liabilities when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset (under PPE) have been separately disclosed in the Balance Sheet and lease payments have been classified as part of financing cash flows.

### 3.5 Derecognition of Tangible and ROU assets

An item of Property, plant and equipment (including ROU assets) is de-recognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

### 3.6 Impairment of Tangible and ROU assets

Tangible and ROU assets are reviewed at each balance sheet date for impairment. In case events and circumstances indicate any impairment, recoverable amount of assets is determined. An impairment loss is recognised in the statement of profit and loss, whenever the carrying amount of assets either belonging to Cash Generating Unit (CGU) or otherwise exceeds recoverable amount. The recoverable amount is the higher of assets' fair value less cost to disposal and its value in use. In assessing value in use, the estimated future cash flows from the use of the assets are discounted using pre-tax discount rate to their present value at appropriate rate.

Impairment losses recognized earlier may no longer exist or may have come down. Based on such assessment at each reporting period the impairment loss is reversed and recognized in the Statement of Profit and Loss. In such cases the carrying amount of the asset is increased to the lower of its recoverable amount and the carrying amount that have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

### 3.7 Financial Instruments

Financial assets and financial liabilities are recognized in the Balance sheet when the Company becomes a party to the contractual provisions of financial instruments. The Company determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

#### A. Financial assets

##### I. Initial recognition and measurement

The financial assets include investments, trade receivables, loans and advances, cash and cash equivalents, derivative financial instruments, bank balances other than cash and cash equivalents, and other financial assets.

Financial assets are initially measured at fair value. Transaction costs directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or are deducted from the fair value of the financial assets as appropriate on initial recognition. However, trade receivables that do not contain a significant financing component are measured at transaction price.

##### II. Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- (i) at amortized cost,
- (ii) at fair value through other comprehensive income (FVTOCI), and
- (iii) at fair value through profit or loss (FVTPL)

##### (a) Financial assets at amortized cost

A 'financial asset' is measured at the amortized cost if the following two conditions are met:

- (i) The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- (ii) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Amortized cost is determined using the Effective Interest Rate ("EIR") method. Discount or premium on acquisition and fees or costs forms an integral part of the EIR.

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the Financial instruments or, where appropriate, a shorter period.

##### (b) Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held both for collection of contractual cash flows and for selling the financial assets, and contractual terms of the financial assets give rise to cash flows representing solely payments of principal and interest.

For the purpose of para (a) and (b) above, principal is the fair value of the financial asset at initial recognition and interest consists of consideration for the time value of money and associated credit risk.

##### (c) Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are not classified in any of the categories above are classified at fair value through profit or loss.

**(d) Equity investments**

Equity investments in the scope of Ind AS 109 are measured at fair value except for investments in subsidiaries and associates, which are carried at cost.

The Company makes an election to present changes in fair value either through other comprehensive income or through profit or loss on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in other comprehensive income. However, dividends on equity instruments on fair value through other comprehensive income (FVTOCI) is recognised in profit or loss.

In addition, profit or loss arising on sale is also taken to other comprehensive income. The amount accumulated in this respect is transferred within the Equity on derecognition.

**III. De-recognition**

The Company derecognizes a financial asset or a group of financial assets when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to the third party.

On derecognition of a financial asset (except for equity instruments designated as FVTOCI), the difference between the assets' carrying amount and the sum of the consideration received and receivable are recognized in statement of profit and loss.

On derecognition of assets measured at FVTOCI (except equity instruments) the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

**IV. Cash and cash equivalents**

All highly liquid financial instruments, which are readily convertible into determinable amounts of cash and which are subject to an insignificant risk of change in value and are having original maturities of three months or less from the date of purchase, are considered as cash equivalents. Cash and cash equivalents includes balances with banks which are unrestricted for withdrawal and usage.

**B. Financial liabilities****I. Initial recognition and measurement**

The financial liabilities include trade and other payables, loans and borrowings, including bank overdrafts, etc.

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities (other than financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial liabilities, as appropriate, on initial recognition.

**II. Subsequent measurement**

For subsequent measurement, financial liabilities are classified into two categories:

- (i) Financial liabilities at amortised cost, and
- (ii) Derivative instruments at fair value through profit or loss (FVTPL).

**Financial liabilities at amortized cost**

After initial recognition, financial liabilities are subsequently measured at amortized cost using the EIR method. When the financial liabilities are derecognized, gains and losses are recognized in profit or loss. Discount or premium on acquisition and fees or costs forms an integral part of the EIR.

The effective interest rate is the rate that discounts estimated future cash payments or receipts through the expected life of the Financial instruments or, where appropriate, a shorter period.

**III. De-recognition**

Financial liabilities are derecognized if the Company's obligations specified in the contract expire or are discharged or cancelled. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit and Loss.

**C. Offsetting of financial instruments**

Financial assets and financial liabilities, including derivative financial instruments, are offset, and the net amount is reported in the Balance sheet if there is currently an enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

## **D. Derivative and Hedge Accounting**

### **Initial Recognition and Subsequent measurement**

The company enters into derivative financial instruments such as foreign exchange forward and swap contracts to mitigate the risk of changes in foreign exchange rates in respect of financial instruments and forecasted cash flows denominated in certain foreign currencies. The company uses hedging instruments which provide principles on the use of such financial derivatives consistent with the risk management strategy of the company. The hedge instruments are designated and documented as hedges and effectiveness of hedge instruments to reduce the risk associated with the exposure being hedged is assessed and measured at inception and on an ongoing basis.

Any derivative that is either not designated as a hedge, or is so designated but is ineffective as per Ind AS 109 "Financial Instruments", is categorized as a financial asset/ financial liability, at fair value through profit or loss. Transaction costs attributable are also recognized in Statement of profit and loss.

Changes in the fair value of the derivative hedging instrument designated as a fair value hedge are recognized in the Statement of profit and loss. Changes in the fair value of the derivative hedging instrument designated as a cash flow hedge are recognized in other comprehensive income and presented within equity as cash flow hedging reserve to the extent that the hedge is effective.

Hedging instrument which no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, then hedge accounting is discontinued prospectively. Any gain or loss recognised in other comprehensive income and accumulated in equity remains therein till that time and thereafter to the extent hedge accounting being discontinued is recognised in Statement of profit and loss. When a forecasted transaction is no longer expected to occur, the cumulative gain or loss accumulated in equity is transferred to the Statement of profit and loss.

## **3.8 Impairment of assets**

### **A. Non financial assets**

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value, less costs of disposal, and its value in use.

To assess impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If, at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognised is reversed so that the asset is recognised at its recoverable amount but not exceeding the value which would have been reported in this respect if the impairment loss had not been recognised.

### **B. Financial assets**

A financial asset is assessed for impairment at each balance sheet date. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. The company recognises loss allowances using the Expected Credit Loss ("ECL") model for financial assets measured at amortised cost.

The company recognises lifetime expected credit losses for trade receivables. Loss allowance equal to the lifetime expected credit losses are recognised if the credit risk on that financial asset has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

## **3.9 Biological Assets**

Clonal plants are measured at fair value less cost to sell with changes in fair value recognised in Statement of Profit and Loss.

## **3.10 Inventories**

The inventories are valued at lower of cost or net realisable value after providing for obsolescence, if any. Cost of inventories is ascertained on 'weighted average' basis.

Cost in respect of raw materials and stores and spares includes expenses incidental to procurement of the same.

Cost in respect of finished goods and wrapper represents material, labour and other manufacturing cost and appropriate portion of overheads but does not include interest, selling and distribution overheads.

Cost of traded goods include cost of purchase and other cost incurred in bringing the inventory to their present location and condition.

Cost in respect of process stock represents, cost incurred up to the stage of completion.

Net Realizable Value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated cost necessary to make the sale.

### 3.11 Asset Held for Sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met: (i) decision has been made to sell. (ii) the assets are available for immediate sale in its present condition. (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as held for sale are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

Non-current asset classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a Non-current asset classified as held for sale are presented separately from other liabilities in the balance sheet.

### 3.12 Foreign Currency Transactions

Transactions in foreign currencies are translated into the functional currency at the exchange rates prevailing on the date of the transactions. Foreign currency monetary assets and liabilities at the year-end are translated at the year-end exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate as at the date of transaction.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in the Statement of Profit and Loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

### 3.13 Equity Share Capital

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Par value of the equity shares is recorded as share capital and the amount received in excess of par value is classified as Securities Premium.

Incremental costs directly attributable to the issuance of new equity shares and buy-back of equity shares are shown as a deduction from the Equity net of any tax effects.

### 3.14 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a legal or constructive obligation as a result of past events and it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of obligation. Provisions are not recognised for future operating losses. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Contingent liabilities are not recognised and are disclosed by way of notes to the financial statements when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or when there is a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the same or a reliable estimate of the amount in this respect cannot be made.

When there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure for contingent liability is made.

Contingent assets are not recognised but disclosed in the Financial Statements by way of notes to accounts when an inflow of economic benefits is probable.

Provisions, Contingent liabilities, and Contingent assets are reviewed at each balance sheet date.

### 3.15 Employee Benefits

Employee benefits are accrued in the year in which services are rendered by the employee.

#### **Short term Employee benefits**

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

#### **Other Long Term Employee Benefits**

Leave encashment benefits are payable to employees while in service, retirement and on death while in service or on termination of employment. With respect to accumulated leaves outstanding at the year-end, liability for leave are accounted for on the basis of actuarial valuation at the balance sheet date. The cost of providing long term employee benefits consisting of leave encashment that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Actuarial gains and losses and past service cost are recognised immediately in the Statement of Profit and Loss for the period in which they occur. Long term employee benefit obligation recognised in the Balance Sheet represents the present value of related obligation. Bifurcation of liabilities into Current and Non-current are done based on actuarial valuation report.

#### **Post Employment Benefits**

The Company operates the following post employment schemes:

##### **- Defined Benefit Plans**

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets (funded to Life Insurance Corporation of India), together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Bifurcation of liabilities into Current and Non-current are done based on actuarial valuation report.

Remeasurements of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the Statement of Profit and Loss.

##### **- Defined Contribution Plans**

In accordance with the provisions of the Employee Provident Funds and Miscellaneous Provisions Act, 1952, eligible employees of the company are entitled to receive benefits with respect to provident fund, a defined contribution plan, in which both the company and employee contribute monthly to Provident Fund Scheme the Central Government/Trust at a determined rate. The Company's contribution is charged off to the Statement of Profit and Loss as and when incurred.

### 3.16 Revenue

#### **Revenue from contract with customer:**

##### **Revenue from Operations**

Revenue from contracts with customers is accounted for only when it has commercial substance, and all the following criteria are met:

- (i) parties to the contract have approved the contract and are committed to performing their respective obligations;
- (ii) each party's rights regarding the goods or services to be transferred and payment terms there against can be identified;

(iii) consideration in exchange for the goods or service to be transferred is collectible and determinable

The revenue is recognized on satisfaction of performance obligation, when control over the goods or services has been transferred and/ or goods/ services are delivered/ provided to the customers. Delivery occurs when the goods have been shipped or delivered to a specific location, and the customer has either accepted the goods under the contract or the Company has sufficient evidence that all the criteria for acceptance have been satisfied.

Revenue is measured at the amount of transaction price (consideration specified in the contract with the customers) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of rebates, claims and discounts, returns, Goods and Service Tax (GST) and such other taxes collected on behalf of third party not being economic benefits flowing to the company are excluded from revenue. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

#### **Other Operating Revenue-Export Benefits :**

Export incentives are accounted for in the year of export if the entitlements and realisability thereof can be estimated with reasonable accuracy and conditions precedent to such benefit is fulfilled.

#### **Interest, Dividend and Claims**

Dividend income is recognised when the right to receive payment is established. Interest has been accounted using effective interest rate method. Insurance claims/ other claims are accounted as and when admitted or settled which ever is earlier.

### **3.17 Borrowing Costs**

Borrowing cost comprises of interest and other costs incurred in connection with the borrowing of the funds. All borrowing costs are recognized in the Statement of Profit and Loss using the effective interest method except to the extent attributable to qualifying Property Plant Equipment (PPE) which are capitalized to the cost of the related assets.

A qualifying PPE is an asset, that necessarily takes a substantial period of time to get ready for its intended use or sale. Borrowing cost also includes exchange differences to the extent considered as an adjustment to the borrowing costs.

### **3.18 Taxes on Income**

Income tax expense representing the sum of current tax expenses and the net charge of the deferred taxes is recognised in the income statement except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current income tax is provided on the taxable income and recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax items in correlation to the underline transactions relating to Other Comprehensive Income and Equity are recognised in Other Comprehensive Income and Equity respectively.

### **3.19 Earnings Per Share**

Basic earnings per share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

### 3.20 Segment Reporting

Operating segments are identified and reported taking into account the different risk and return, organisation structure and in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). CODM is responsible for allocating resources and assessing performance of the operating segments, financial results, forecasts or plan for the segment and accordingly is identified as the chief operating decision maker.

The company operates in one business segment of Paper, Paper Board and related products being primary segment and all other activities revolve around the main activity.

### 3.21 Government Grants and Subsidies/ Incentives

Grant from government are recognised when there is reasonable assurance that the condition attached to them will be complied and grant/ subsidy will be received and there exists no significant uncertainty with regard to the collection. Revenue grants including subsidy/rebates are credited to the Statement of Profit and Loss Account under "Other Operating Income" or deducted from the related expenses for the period to which these are related. Grants which are meant for purchase, construction or otherwise acquire non current assets are recognized as Deferred Income and transferred to the Statement of Profit and Loss on a systematic basis over the useful life of the respective asset. Grants relating to non-depreciable assets is transferred to the Statement of Profit and Loss over the periods as specified for meeting the obligations related to such grants.

### 3.22 Exceptional items

Exceptional items include income or expenses that are part of ordinary activities. However, they are of such significance and nature that separate disclosure enables the user of financial statements to understand the impact more clearly. These items are identified by their size or nature to facilitate comparison with prior periods and assess underlying trends in the Company's financial performance.

### 3.23 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing flows. Accordingly, the Company's cash flows from operating, investing, and financing activities are segregated.

For reporting Statement of Cash Flows, cash and cash equivalents consist of cash on hand, cheques on hand, balance with banks, and short term highly liquid investments, as stated above, net of outstanding bank overdrafts, as they are considered an integral part of the Company's cash management.

## 4. Critical accounting judgments, assumptions and key sources of estimation and uncertainty

The preparation of the financial statements in conformity with the measurement principle of Ind AS requires management to make estimates, judgments and assumptions that affect the application of accounting policies and the reported amount of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognised in the year in which the results are known / materialised and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require significant areas of estimation, uncertainty and critical judgments and the use of assumptions in the financial statements that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year are discussed below. The notes dealt with in 4.1 to 4.6 below provide an overview of the areas that involved a high degree of judgement or complexity and of items which are likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements are included in the relevant notes together with information about basis of calculation of each affected line item in the financial statements.

#### 4.1 Depreciation / Amortization and Impairment on Property, Plant and Equipment and ROU assets

Property, Plant and Equipment (including ROU assets) are depreciated/ amortized on Straight Line Basis/Written Down Value Basis over the estimated useful lives (or lease term, if shorter) in accordance with Schedule II to the Companies Act, 2013, taking into account the estimated residual value, wherever applicable. The Company reviews the estimated useful lives of the assets regularly in order to determine the amount of depreciation / amortization and amount of impairment expense to be recorded during any reporting period. This reassessment may result in change estimated in future periods.

The company reviews its carrying value of its Tangible whenever there is objective evidence that the assets are impaired. In such situation asset's recoverable amount are estimated which are higher of asset's or cash generating units (CGU) fair value less cost of disposal and its value in use. In assessing value in use the estimated future cash flows are discounted using pre-tax discount rate which reflect the current assessment of time value of money. In determining fair value less cost of disposal, recent market realisations are considered or otherwise in absence of such transactions appropriate valuations are adopted.

#### 4.2 Right-of-use assets and lease liability

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the company's operations taking into account among other thing, the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

#### 4.3 Impairment allowances on trade receivables

The Company evaluates whether there is any objective evidence that trade receivables are impaired and determines the amount of impairment allowance as a result of the inability of the customers to make required payments. The Company bases the estimates on the ageing of the trade receivables balance, credit-worthiness of the trade receivables and historical write-off experience. In case of variation in financial condition the amount of impairment as recognised may vary having a significant impact on the Financial Statements.

#### 4.4 Income taxes

Significant judgment is required in determination of taxability of certain income and deductibility of certain expenses during the estimation of the provision for income taxes. Also there are matters pending before various judicial authorities outcome whereof are uncertain. Further, material judgement and assumptions are involved for arriving at timing differences and consequential adjustments on account of deferred taxation.

#### 4.5 Defined benefit obligation (DBO)

Critical estimate of the DBO involves a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate, anticipation of future salary increases etc. as estimated by Independent Actuary appointed for this purpose by the Management. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

#### 4.6 Provisions and Contingencies

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change.

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/ claim/litigations/ against the Company as it is not possible to predict the outcome of pending matters with accuracy.

The carrying amounts of provisions and liabilities and estimation for contingencies are reviewed regularly and revised to take account of changing facts and circumstances.

**36. Financial Instruments**

The accounting classification of each category of financial instrument, their carrying amount and fair value are as follows:-  
(₹ in Lakhs)

Particulars	As at March 31, 2025		As at March 31, 2024	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
<b>Financial Assets (Current and Non-Current)</b>

**Fair Valuation Techniques**

The fair values of the financial assets and liabilities are determined at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

The fair value of cash and cash equivalents, trade receivables and payables, current financial liabilities/financial assets and borrowings approximate their carrying amount largely due to the short-term nature of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values.

Investments in liquid and short-term mutual funds are determined using quoted market prices at the reporting date multiplied by the quantity held. Quoted Investments for which quotations are not available have been determined by an external independent valuer appointed in this respect with reference to the market value of the investment held by that company, Price to Earnings ratio of similar sector company along with premium/discount for controlling interest.

**Fair value hierarchy**

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2025:

(₹ in Lakhs)

Particulars	As at March 31, 2025	Fair value measurements at reporting date using		
		Level 1	Level 2	Level 3

Investment in Equity Instruments(Non-Current)	1,536.29	-	-	1,536.29
	(1,710.87)	-	-	(1,710.87)

(\*) Figures in round brackets ( ) indicate figures as at March 31, 2024

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed for such measurement:

- (a) Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- (b) Level 2: Inputs other than quoted prices included within level 1 that are observable either directly or indirectly for the asset or liability.
- (c) Level 3: Inputs for the asset or liability which are not based on observable market data.

During the year ended March 31, 2025, there were no transfers between Level 1, Level 2 and Level 3.

**The Inputs used in fair valuation measurement are as follows:**

Inputs used in fair valuation of Financial assets and liabilities not within the operating cycle of the company is amortized based on the borrowing rate of the company.

Equity Instruments are valued based on the market value of investments held by that company, Price to Earning ratio of similar sector company along with premium/discount of controlling interest.

**FINANCIAL RISK FACTORS**

The Company's activities are exposed to variety of financial risks. The key financial risks includes market risk, credit risk and liquidity risk. The Company's focus is to for see the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The risks are governed by appropriate policies and procedures and accordingly financial risks are identified, measured and managed with the Company's policies and risk objectives.

**MARKET RISK**

Market risk is the risk or uncertainty arising from possible market price fluctuations resulting in variation in the fair value of future cash flows of a financial instrument. The major components of Market risks are foreign currency risk, interest rate risk and other price risk. Financial instruments affected by market risk includes trade receivables, borrowings, investments and trade and other payables.

**OTHER PRICE RISK**

The company's investments in mutual funds and equity instruments which are fair valued through profit and loss and other comprehensive income respectively. The company's investment in Equity instruments are strategic and long term in nature and these are further subject to impairment testing as per the policy followed in this respect and are not expected to be material whereas investments in mutual funds are for short term in nature for deployment of surplus with the company which are subject to market conditions.

**CREDIT RISK**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). To manage this, the management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Major supplies are through whole seller who have paid deposit to the company and the risk involved in payment default is minimum. Further, evaluating the credit worthiness of the customers has minimised the risk of default by other segment customers. Besides, the risk of export receivables is covered under Credit Insurance. The Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly. Further the company obtains necessary security including letter of credits and/or bank guarantee to mitigate its credit risk.

The carrying amount of respective financial assets recognised in the financial statements, (net of impairment losses) represents the Company's maximum exposure to credit risk. The concentration of credit risk is limited due to the customer base being large and unrelated. Of the trade receivables balance at the end of the year, there are three customers aggregating to Rs.235.32 Lakhs which accounted for more than 10% of the accounts receivable as each case at March 31, 2025.

The Company establishes an allowance for impairment that represents its estimate of incurred losses in respect of trade and other receivables. Receivables from customers are reviewed/evaluated periodically by the management and appropriate provisions if considered necessary are made to the extent recovery there against has been considered to be remote.

**Financial assets that are neither past due nor impaired**

Cash and cash equivalents, investment and deposits with banks are neither past due nor impaired. Cash and cash equivalents with banks are held with reputed and credit worthy banking institutions.

**Financial assets that are past due but not impaired**

Trade receivables disclosed above includes certain amounts that are past due at the end of the reporting period but against which no credit losses has been expected to arise.

**LIQUIDITY RISK**

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's objective is to maintain optimum level of liquidity to meet its cash and collateral requirements at all times. The company relies on internal accruals to meet its fund requirement.

**Liquidity and interest risk tables**

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows as on March 31, 2025. The Company does not have any borrowings hence there is no interest risk.

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet.

Sensitivity due to mortality & withdrawal are not material & hence impact of change not calculated.

## 45. FAIR VALUE MEASUREMENTS FOR BIOLOGICAL ASSETS OTHER THAN BEARER PLANTS

The following table gives the information about how the fair value of the biological assets were determined:

(₹ in Lakhs)

Particulars	As at 31 <sup>st</sup> March, 2025	As at 31 <sup>st</sup> March, 2024	Fair value hierarchy	Valuation techniques and key inputs
Unharvested clonal plants	27.10	57.90	Level 2	Fair value is being arrived at based on the observable market prices of clonal plants. The same is applied on the quantity of the clonal plants unharvested using average plucking in various fields.

46. The financial risk associated to agriculture would include climate change, price fluctuation and input cost increases. Being dependent on rainfall, any shortfall would directly impact the production. The sale of clonal plant is largely through the farmer system, any price fluctuation would impact profitability. Increased wages also has a direct impact on the cost of production because of labour intensive nature of the business operations.

Management is continuously monitoring all the above factors. Investment in irrigation, a planned replanting programme to ensure higher yields and improving efficiency of labour and modernisation are some of the measures taken by the management to mitigate the risks.

47. Trade Receivables, Trade payables and advances recoverable are subject to confirmation /reconciliation and consequential adjustments,if any arising thereof. In the opinion of the management current assets, loans and advances will have on realisation in the ordinary course of business atleast equal to the amount at which they are stated in the Balance Sheet.
